DISTRICT PRINCIPAL'S MESSAGE

The progress of the world of science is unbelievable with the exploration of the bottom of the sea and men traveling thousands of miles into outer space. Technology, with its computers, has created a new world which is almost fantastic. These are times when men feel that they have probably reached the zenith of all human experience, yet I want to warn the class of 1965 that in spite of these great conquests we have hardly begun to scratch the surface of solving the problems facing society.

We have learned that the racial tensions of our nation are not limited geographically by the Mason-Dixon Line, and that despite millions of dollars spent in research, some of the most fearful killers of humanity still flourish unchecked. While there is a greater spirit of understanding among nations, the basic concepts of our responsibilities to God and our neighbors have not been truly learned.

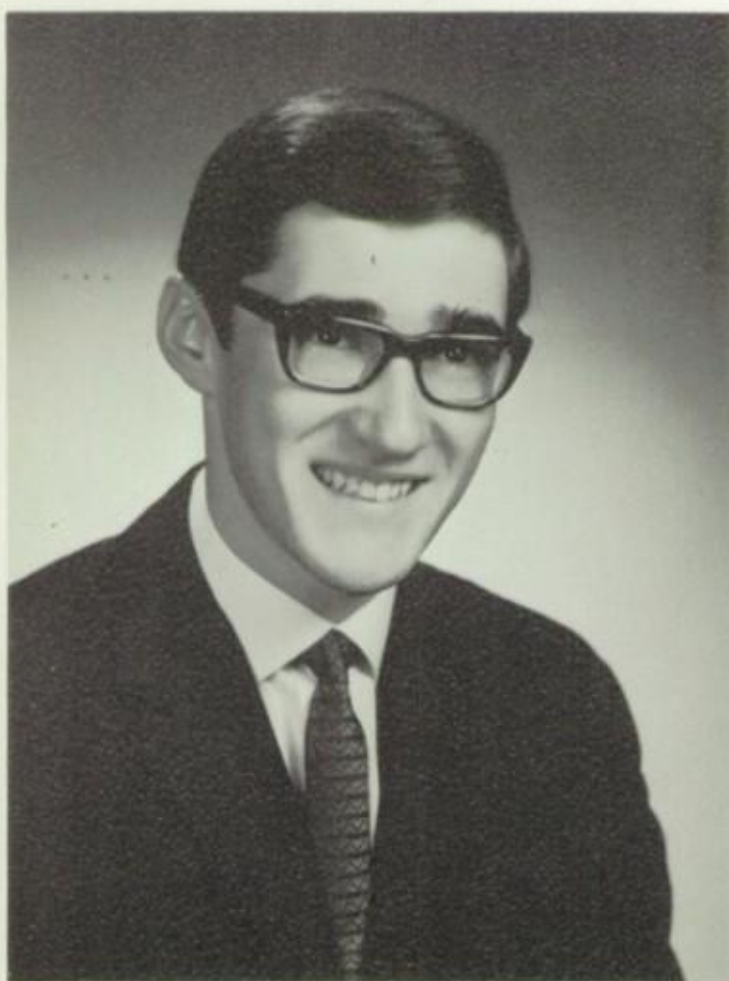

You are entering the ranks of adult society. I sincerely hope that your beginnings here, in the world of knowledge, have helped to equip you to accept a fearless, creative role in the part you must assume in our present and future world.

Grant Grimschaw

DEDICATION

As a sign of our appreciation and affection, we the Class of '65 respectfully dedicate this copy of "The Spirit" to Mrs. Ruth F. Bush. For 39 years she has given unstintingly of herself to develop the minds and characters of the students of La Fayette. In years to come we know we will all gratefully remember her wise council and friendship.

A.F.S. PAGE

Othmar Rutz of Lucerne Switzerland has brightened the halls of L.C.S. this year as our A.F.S. student. He is the second of ten children; his older brother also having been an A.F.S. student at Santa Monica.

On returning home, Othmar has one more year in the Cantonal School of Lucerne and then plans to attend the University, majoring in economics and social sciences. He has made his home in the United States with Mr. and Mrs. Walter Shute.

Through the A.F.S. program, it was made possible for me to get to know a wonderful part of the United States, prosperous, active and most friendly community and a school which gave me a greater understanding of the American people. The experience of this year will always remain not only in my memory but will influence my thinking and actions in days to come.

I wish to express my sincerest thanks for all the friendliness and kindness I have received this year and I hope that in the future some La Fayette students will be able to visit my country and home, for they are always welcome.

Othmar M. Rutz

CLASS HISTORY

Once upon a time (as all good fairy tales start) 26 scrubbed, polished, and neatly combed five-year-old elves presented themselves to "kindergarten land", the land of fruit juices, graham crackers, carrot strips, and "sharing".

Step-Mother Connolty saw that they all started on the right path through the forest of innocence to the world of education, with her help, encouragement, and occasional application of the "magic wand." Those boys and girls who first took the big step together were James Amidon, Sandra Amo, Sheldon Amo, Robert Brinkerhoff, Judith Bush, Garth Coon, Charles Curtis, Carol Everingham, Winifred Ezick, Karl Field, Wayne Foster, Cheryl Gallt, Mary Heffernan, Dorothy Hoke, Margaret Kaltenbach, Richard Keller, Margaret Klotz, Suzanne Kocyla, Mary McVoy, James Miller, Gerald Millett, Gregory Scammell, Richard Schwab, Richard Smith, Mavis Stager, and Arlinda Zink.

Leaving their blankets and fingerpaints behind, they entered the first year of their formal education under the care of two "fairy Godmothers," Mrs. Palmer, and Mrs. Barons. Three cute little tykes joined them that year; David Garlock, Gerald Mallett, and Gail Pierce.

Mrs. Curtis and Mrs. Knapp led the happy children down the tiled road to second grade. What a wonderful year that must have been for them all, they learned to use new magic symbols (writing).

During third grade they enjoyed a trip through the enchanted forest to a ginger bread house, named the Tully Bakery. That year Joyce Bauman joined them and Mrs. Birmingham taught them in the "Guilded Cottage" known to adults as the Columbian Presbyterian Session House.

At the new elementary school Mrs. Rowland and Mrs. Tompkins greeted the rambunctious group of youngsters as they entered fourth grade. Two new cherubs also contributed to the high spirits of the class, Ruth Moore and Michael Redman.

Back in the familiarity of the "ole castle" Mrs. Coon and Mrs. Weyand helped them and two more new members, Linda Prentice, and Norene Stocum through the story-book land of fifth grade.

The arrival of Joy Hammond, Fred Plumpton, and Joseph Zimmer added to the magical moments of the last elementary year of the class of "65". Mrs. Sloper and Mrs. Riehlman tried to prepare them for the coming of high school with their first written term paper on the Lands of the World.

Seventh grade saw the "elves" grown up to take their first step into the world of young adults. This was the year more wonderful members joined their class in their grass-snake hunting expeditions on the football field.

John Buck, Ellén Curtis, LaVerne Doctor, Lucille George, Sidney George, Estelle Gibson, Carol Gonyea, Sari Hutchins, Claude Isaacs, Cheryl Johnson, Leo Nolan, Raymond Shenandoah, Alyce Stratton, and Patricia Thomas, contributed their personalities to the magic chemistry that makes a group of individuals into a "class".

"Fairytale Land" was slipping away. Eighth grade proved to them that life is not one big "recess period" and that there is need for maturity and harder work to face the demands of high school life. Along with the addition of more classes came three more students, Gary Booher, Wayne Hastings, and Olive Page, who joined in the mad shuffle from class to class.

Thomas Fairbank, Donna Jurjens, and James Wright helped the class begin a wonderful freshman year. During that year they suffered through their first dance, which in no way resembled Cinderella's Ball.

The sophomore year was the only year that the class did not increase its enrollment, but they took their big Yorker Trip to the State Capital during this year. Learning how The Senate and House of Representatives were run was a very exciting experience for them.

Becoming Juniors was an important step for them. No longer were they students in a fairytale. They were students in the world of serious education. Keith Stiles fell in step with the tempo of the class and Sherry Jordan rejoined it after an absence of eight years. The theme of their Junior Prom was "Blue Moon", over which Richard Smith and Carol Everingham ruled as King and Queen.

The years flew by, the tiny class of twenty-seven gradually grew until it reached the number of sixty. And suddenly, what to the wondering eyes of principal, teachers, parents, and friends should appear but---Seniors---at last!!! The class, finally young adults, looked back on their years together and laughed at all their mistakes and regreted some too. Othmar Rutz, their foreign student from Switzerland, added humor and an interest in the world about them to the class.

The Senior Play, "The night is my Enemy", Senior Ball, final exams, graduation, singing the Alma Mater, and tear-full good-byes all mean that they are now on their way, alone! They have reached the shore, the ocean is before them and it is up to them to find their spot in the world where they can put into use what they have learned the past twelve years. College, careers, and marriage are faces of our future, but who will forget the past? Who can easily forget either "kindergarten land" or high school days? Certainly not We, the class of "65", 61st graduating class of LaFayette Central School.

CLASS PROPHECY

Ten years have passed since the graduation of the LaFayette High School Class of '65. Today, June 27, 1975, they are gathering together on Venus for their first class reunion. As the Mariner 12 rapidly drops through the dense cloud formations that surround this popular resort planet and the stairs roll down, we see popular members of the "Couples Club" descending. First, are SHELDON AMO and SUZANNE KOCYLA with their twelve children. (It's cheaper by the dozen they say.) Next to disembark is the most valued airline hostess of the Nedrow Airlines, SHERRY JORDAN. With her is the illustrious Supreme Court Judge, GREG SCAMMELL. The third couple to appear is DONNA JURJENS, president of the Rexall Chain and JIM WRIGHT, fourth vice-president of the Cardiff division. The last couple we see is ARLINDA ZINK and LEO NOLAN, who bear a striking resemblance to the ever-popular Mutt and Jeff team. Traveling with them are OTHMAR RUTZ, Swiss Ambassador to the United States, and the newly elected president of the United States, LAVERNE DOCTOR, who has proclaimed LaCrosse the National Sport and is planning weekly competitions in the White House East Room.

Part of today's schedule will include a banquet at which awards will be presented to certain honored members of the class. There are the Olympic Gold Medal winners: RICHARD KELLER, who set a new 2-mile record on an indoor track while in orbit; CAROL EVERINGHAM, who won the one-footed race; JOHN BUCK, given five gold medals for rolling over Niagara Falls without a barrel and WAYNE HASTINGS, for his performance on stilts in basketball. Nobel Prize winners present will be JOE ZIMMER, who discovered a method for painless tortures and DICK SCHWAB, for his efforts of forest conservation on Earth. Others present are famous scientists: TOM FAIRBANKS, who aroused a recent controversy by inventing a new egg-controlling pill for chickens; WAYNE FOSTER, inventor of a revolutionary hair-curling machine and JAMES AMIDON, who invented a flying saucer with square corners. It is understood that special awards are planned for KARL FIELD, for whistling--out standing in his field (apple, that is): RAYMOND SHENANDOAH, for his great hog - calling success and BOB BRINKERHOFF, who has edited a new dictionary of spelling words the way they sound (to him). It is not certain whether SIDNEY GEORGE, once again loser of Sports Illustrated Man-of-the-Year award, will be present.

Arriving on Cloud 9 are the illustrious men who have financed this adventure. They are GARY BOOHER, coming from his favorite state of Pennsylvania; GARTH COON, nonchalantly hanging by one hand and CLAUDE ISACCS, who has somehow managed to arrive on time.

With these men come world famous "Bunnies": NORENE STOCUM, CAROL GONYEA and JOYCE BAUCHON. Also with them is the former Miss America, DOROTHY HOKE.

During our visit we shall be given combined performances by some of our group. OLIVE PAGE, who has recently starred in a new series, "Olive Oyl Returns to Popeye"; PEGGY KALTENBACH, Playmate of the month; CHERYL GALLT, 1970 nominee for the best stage-support award; ALYCE STRATTON, Metropolitan Opera star; CHARLES CURTIS, who will play his new hit song, "76 Saxes" and CHERYL JOHNSON and PATSY THOMAS, the female answer to the Laurel and Hardy team. A home economics food display will be given by MAVIS STAGER, JOY HAMMOND, MARY McVOY and LUCILLE GEORGE. JERRY MILLETT and KEITHSTILES will exhibit the skill needed to be a "Heck Driver".

The main attraction of the day will be a football game between the Venus Tigers and the All-Earth Pros. The Pros have in their starting line: DAVE GARLOCK, 10th year Freshman at S. U.; MIKE REDMAN, former 98 pound weakling, now a 99 pound "tiger" after two months of training; FRED PLUMPTON, Cardiff Giants' "scenter"; JERRY MALLETT, the most x-rayed football player; DICK SMITH, Navy's Reserved "right guard" and their manager and Venutian translator, RUTH MOORE.

During half-time of the game, there will be a horseback riding demonstration by WINNIE EZICK, SANDY AMO, DIANE MCGINNIS, AND LINDA, who is a "PRENTICE" to the group. Other entertainment at the half-time will be from ESTELLE GIBSON, famous "Gibson Girl" of 1975 and a speech from ELLEN CURTIS, one of the greatest recent novelists.

The refreshments for today's festivities were donated by PEGGY KLOTZ, famous fish-monger, who is still monging fish and JUDY BUSH, providing all the dulsy anyone could want (she has connections with the Navy). MARY HEFFERNAN will handle all the beverages for today.

In the growing crowd we also see the faces of such persons as IRENE RUMMERFIELD, who is still waiting to get married (she believes in long engagements); GAIL PIERCE, now writing for the "Lyons Den"; SARI HUTCHINS, who just washed ashore from the WAVES in a bottle and JIM MILLER, now grinding people for the "Inquirer".

Well, everything is ready to go and I wouldn't want to miss any part of the day; but as I elbow my way through the crowd of curious Venutians to get a good seat, I can't help but wonder what changes our twentieth reunion on Pluto will reveal about my former classmates, if the LaFayette class of '66 hasn't blown up the Universe by then!

SPORTS

The Year in Sports

Football

The 1964 football season marked the first time that LaFayette has fielded both varsity and junior varsity football teams. The addition of a junior varsity team has given our younger boys a greater opportunity to play.

Varsity: This year's team, even though small in size and number, played really hard football all year. LaFayette has now scored at least one touchdown in 20 consecutive games and 30 of the last 31 games over the last five years.

The following boys were honored by the Post Standard and Herald Journal on their all star teams. . . . LaVerne Doctor - 1st team fullback, Mike Redman - Honorable mention. . . Leo Nolan, Gary Booher, Dave Garlock, Jerry Mallett, and Ray Shenandoah.

Basketball

The 1964-65 La Fayette Varsity Basketball team compiled a record of 10 wins and 8 defeats. This included an 8-6 league record, which enabled our team to earn a third place in the Southern Division for the third consecutive year. Dave Garlock was the team's leading scorer, finishing third in the league scoring and was chosen as a member of the All County First String Team. Closely following in scoring were LaVerne Doctor and Bob Brinkerhoff.

County LaCrosse Champions, 1964

The 1964 LaCrosse team again swept the County League competition with an overall record of 14 wins, 2 losses. For the second year in a row the Lancer stickmen brought the trophy home and placed six boys on the first All County team. . . LaVerne Doctor, Richard Garlock, Leo Nolan, Howie Shute, Dan Porter, and David Garlock.

Baseball

A league record of 2 wins, 5 losses and an overall record of 4 wins, 5 losses appears to indicate better baseball days ahead for the Lancers. Returning in '65, Dick Smith, Rich Keller, Jim Miller, Dave Holtzmaster, Alan Wood, Ward Henderson, and Terry Morgan will form a strong balanced team.

Track and Field

As in the past, efforts to field a very strong team, have been cut short. We field a good active team and interest has been growing. We are looking forward to a much better turn out and stronger performances when our new outdoor facility is ready.

Cross Country

Twelve boys finished the season in 1965--this was an increase of 5 boys over 1964. Darryl Gibson turned in very strong performances. We are looking forward to home Cross Country meets during the season of 1965-66.

Golf

This year's golf team was out-matched in every aspect of the game. Despite the fact that the team was often playing against schools three times our size, the boys on the golf team never at any time lost the spirit or desire that is the real trademark of a determined team. Many of last year's "Arnold Palmer's" are returning and the Golf team is looking forward to a prosperous season.
